Teach Your Way

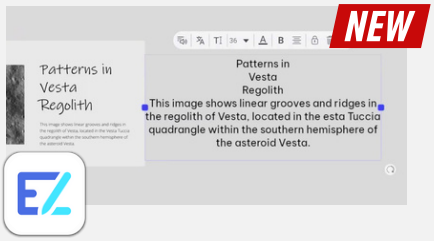

Discover the Future of Interactive Displays

With even more built-in AI tools like **smart content moderation** and **optical character recognition**, the RP04 transforms classrooms into smarter, more focused spaces.

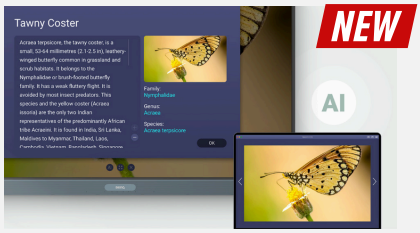

The BenQ RP04 is the **world's first** interactive display powered by **Android 15**.

Innovation at Work: Re-Discover the RP04

AI Tools in EZWrite 6

Convert images to editable text with OCR, built into BenQ's whiteboarding software. EZWrite 6 is integrated with other powerful AI features.

AI Tools in InstaShare 2

InstaShare 2's AI Guardian blocks inappropriate content during media sharing, keeping lessons distraction free while the AI Lens identifies plants and insects instantly.

Android 15

With cutting edge embedded Android system and optional OPS, software flexibility is paramount with RP04.

*Existing RP Panels are upgradable

Germ Resistance Screen and Accessories

RP04 features germ-resistant screens, pens, remote, keypad and front I/O with Silver Nanoparticle Technology.

Octa-Core Processor with 8GB RAM and 128GB Storage

Delivers 1.8x faster CPU Performance and keeps lessons running smoothly, even with multiple applications open.

Advanced Air Quality Sensors with Air Ioniser

Centrally monitor air quality (CO2, PM10 and PM2.25), temperature, and humidity all from a single dashboard.

eyesafe CERTIFIED 2.0

Smart Eye-Care Solutions

RP04 is the world's first Eyesafe 2.0 certified IFP, delivering blue light protection, anti-glare and flicker-free screens for eye comfort without compromising colour.

Single Sign On with NFC

Save time by securely accessing all your local, cloud, and Google account logins with a single tap.

BenQ Software Suite

Broadcast and Alert System, Device and Account Management as well as Native Screen Sharing and Cloud Whiteboard make RP04 the full package
